

This course is composed of four articles. The questions on the exam are in the same order as the articles. Read the first article first, and so on. These links are available in the course description; we have included them again here for your convenience.

The first Article is:

10 Ways Practitioners Can Avoid Frequent Ethical Pitfalls. Boost Your Ethical Know-How with These Practical Tips on Avoiding Common Ethical Quandaries.

[Get First Article](#)

The second article is:

Confidentiality Of Mental Health Information; Ethical, Legal, & Policy Issues from the Surgeon Generals Report

[Get Second Article](#)

The third article is:

This couldn't happen to me: Boundary problems and sexual misconduct in the psychotherapy relationship.

[Get Third Article](#)

The fourth article includes excerpts from the California Business and Professions Code and from the BBS website.
